

OAK HALL SCHOOL

SCHOLARSHIP · LEADERSHIP · SERVICE

A welcoming, diverse, and supportive learning community empowering students to pursue their academic, artistic, and athletic passions.

Illness Policy

Parents will be asked to pick up their child if their temperature is 100.4 °F or higher. Students may not return to school until they are fever-free for 24 hours without fever reducers.

If a child is vomiting or has diarrhea at school, parents will be notified to come pick up their child. They may not return to school until 24 hours after symptoms resolve.

Students should also be kept home if they have any of the following symptoms:

- Exhibiting any signs and symptoms of a respiratory illness (persistent cough, or runny nose, respiratory secretions) with or without fever.
- Undiagnosed rash, new and or untreated rash or skin condition (i.e. hives, wound with purulent drainage)
- If diagnosed with pink eye or strep throat, student must be on antibiotic treatment for 24 hours.
- Chills/general body aches

Students, faculty, and staff who are symptomatic for COVID-19 will be asked to go home or stay at home until symptoms have improved and 24 hours have passed following any febrile conditions. At any time, if a student is in the COVID-19 testing protocol, they are asked to stay away from campus until receiving a known negative test result. Please contact the school nurse if your child does test positive for COVID-19. All communication regarding COVID-19 protocols should be directed to the School Nurse, Tanya Sayour, RN (tsayour@oakhall.org).
